AdvancedMD Wins Best Healthcare Management Solution (Vertical) Award

AdvancedMD, the leading provider of Web-based practice management solutions for medical offices and billing services, was presented the Best Healthcare Management Solution (Vertical) award at the Software & Information Industry Association's (SIIA) 22nd Annual CODiE Awards.

"This award is a great honor for AdvancedMD," said Jim Pack, President & CEO of AdvancedMD. "Our clients praise AdvancedMD for its time-saving workflows that allow them to operate more efficiently—leading to better patient care and more revenue for their offices. To be chosen from such a large pool of domestic and international applicants for this award further demonstrates the superiority of what we offer to the healthcare industry."

The CODiE Awards celebrate outstanding achievement and vision in the software, digital information and education technology industries. Winners were chosen from more than 1,200 nominations submitted by more than 600 companies.

"I applaud all the companies selected as winners or finalists in the 22nd annual CODiE Awards," said Ken Wasch, SIIA President. "The software and information industry continues to move at a dizzying pace, and being recognized by your peers for getting to and staying at the head of the pack in such a dynamic environment is a major accomplishment. It is one of the reasons why the CODiE Awards hold such a special place in our industry."
